

# BLASTER CHARTER

## Five Daily Metrics Record

Project Name: \_\_\_\_\_ Start Date: \_\_\_\_\_

Location: \_\_\_\_\_ Company: \_\_\_\_\_

Name: \_\_\_\_\_

Day/Date: \_\_\_\_\_

Number of blasters			
Total hours blasted <small>(Taken from blasting time clock)</small>			
Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )			
Total abrasive loaded into pot			
Nozzle pressure <small>(with all nozzles operating)</small>			
Total hours on site this shift			

Name: \_\_\_\_\_

Day/Date: \_\_\_\_\_

Number of blasters			
Total hours blasted <small>(Taken from blasting time clock)</small>			
Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )			
Total abrasive loaded into pot			
Nozzle pressure <small>(with all nozzles operating)</small>			
Total hours on site this shift			

Name: \_\_\_\_\_

Day/Date: \_\_\_\_\_

Number of blasters			
Total hours blasted <small>(Taken from blasting time clock)</small>			
Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )			
Total abrasive loaded into pot			
Nozzle pressure <small>(with all nozzles operating)</small>			
Total hours on site this shift			

Name: \_\_\_\_\_

Day/Date: \_\_\_\_\_

Number of blasters			
Total hours blasted <small>(Taken from blasting time clock)</small>			
Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )			
Total abrasive loaded into pot			
Nozzle pressure <small>(with all nozzles operating)</small>			
Total hours on site this shift

Day/Date: \_\_\_\_\_

Number of blasters			
Total hours blasted <small>(Taken from blasting time clock)</small>			
Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )			
Total abrasive loaded into pot			
Nozzle pressure <small>(with all nozzles operating)</small>			
Total hours on site this shift			

Name: \_\_\_\_\_

Day/Date: \_\_\_\_\_

Number of blasters			
Total hours blasted <small>(Taken from blasting time clock)</small>			
Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )			
Total abrasive loaded into pot			
Nozzle pressure <small>(with all nozzles operating)</small>			
Total hours on site this shift			

TOTAL/AVERAGE FOR THE WEEK		
A	Total hours worked	
B	Total hours blasted	
C	% of hours blasted	$C=B \div A \times 100\%$
D	Total area blasted (ft <sup>2</sup> or m <sup>2</sup> )	
E	Total abrasive used	
F	Abrasive consumption (lbs or kg)	$F=E \div D \times 100\%$
G	Blasting speed	$G=D \div B \times 100\%$
H	Average nozzle pressure
